PATCH LIST

input 1

voice and guitar one mic, already preamplified and compressed

Ideally, Simon's voice and guitar are captured by one mic. He'll bring his mic, preamp and compressor (mic + Radial Power PRE + Radial Komit in a 500 box) with an male XLR direct to console.

MONITORING

monitor 1

voice and guitar from one mic (if possible straight analog path) w/a bit of reverb

DRINKS: 2 liters of water (tap or bottle), no bubbles, when possible room temperature.

SNACKS: fruits and fresh veggies (cucumber, carots would be amazing), nothing is fine.

CHANGING ROOM: if possible a space to change clothes & warm up, clean and odor free, if nothing is possible a hallway is fine:).

MEAL: if possible just advise me a good place around to eat before the show.

If catering is available: vegan diet suits me or hunted meat, thank you very much for reading.
